Annual Report

HOLDERNESS

NEW HAMPSHIRE

YEAR ENDING

December 31, 1981

University of New Hampshire
Library

DEDICATED TO

ELIZABETH M. FLINT

whose mural, a gift to the Town from
Mr. and Mrs. Laurence Bertram Flint,
hangs on the wall in the Town office.
Mrs. Flint was a distinguished artist born in
New Hampshire, educated in Boston and France,
who expressed her talents in oils, pastels, acrylics and
sculpture. She shared her talents with sparkling generosity.
The purpose of the mural was to catch the spirit
of the Town of Holderness in the early 1800's
when the Town Hall was being built. The Town is
indebted to the Flints for this beautiful and unusual gift.

THE STATE OF NEW HAMPSHIRE
HOLDERNESS TOWN WARRANT 1982

To the inhabitants of the Town of Holderness in the County of Grafton and State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town House on Tuesday, the ninth of March next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects, the second and subsequent articles to be acted upon commencing at seven thirty o'clock in the evening of the same day.

Article 1: To choose all Town officers.

Article 2: To accept the reports of all Town officers and committees.

Article 3: To see if the Town will vote to raise and appropriate the sum of three hundred and fifty dollars ($350.00) to meet the requirements of RSA 442A in reference to the impoundment of dogs.

Article 4: To see if the Town will vote to raise and appropriate the sum of one thousand dollars ($1000.00) for the support of local hospitals.

Article 5: To see if the Town will vote to raise and appropriate the sum of two hundred seventy one dollars and ten cents (271.10) to maintain and continue the system of services of the Inter-Lakes Day Care Center.

Article 6: To see if the Town will vote to raise and appropriate the sum of two hundred twenty dollars ($220.00) to assist in maintaining the services of the Upper Valley Senior Citizens Council.

Article 7: To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the State and Local Assistance Act of 1972, the sum of twenty-one thousand dollars ($21,000.00) to be applied to the purchase of the proposed Highway Department truck.

Article 8: To see if the Town will vote to appropriate the sum of one hundred twenty-six thousand dollars ($126,000.00) for the purchase of a three thousand gallon tanker/pumper fire truck and accessories, and to raise said sum by borrowing on the credit of the Town through the issuance of bonds or notes of the Town pursuant to the Municipal Finance Act, RSA 38.
By petition.

Article 9: To see if the town will vote to authorize the selectmen to establish the position of dog control officer at $800.00 a year to enforce the existing dog control law in the Town of Holderness, and appoint same.
By petition.

Article 10: To see if the Town will make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report.

Article 11: To see if the Town will adopt the following ordinance relative to the intent to build within the corporate limits of the Town of Holderness:

Section 1: No person, firm or corporation shall build, construct, enlarge, elevate, alter, relocate or otherwise change any building or structure within the Town, where the total cost shall be in excess of one thousand dollars ($1,000.00) without filing a Notice of Intent to Build with the Board of Selectmen, said Notice shall be provided by the Town at a nominal charge of one dollar ($1.00). The Board of Selectmen shall acknowledge receipt of the notice by returning duplicate copy of said notice to the applicant within fourteen (14) days, noting date and time of filing.

Section 2: Any person, firm or corporation violating any of the above shall be punished by a fine of not more than twenty-five dollars ($25.00). Such firm, person or corporation shall be deemed to be guilty of a separate offense for each and every day during any portion of which any violation is committed, continued or permitted by such person, firm or corporation and shall be punishable therefore as provided herein.
This ordinance to be in force sixty (60) days subsequent to its adoption.

Article 12: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

Article 13: To see if the Town will authorize the Selectmen to administer, lease, sell convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's deed in accordance with the provisions of RSA 80:42.

Article 14: To see if the Town will authorize the Selectmen to apply for, receive and expend federal or state grants, which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money, provided: (1) that such grants and other monies do not require the expenditure of other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies: and (3) that such items shall be exempt from all prvisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:95-b.

Article 15: To transact any other business that may legally come before the meeting.

Given under our hands this 16th day of February in the year of our Lord nineteen hundred and eighty-two.

Donald E. Dana, Chairman
Irving R. Marsh
Roger S. Gage

We, the undersigned, Selectmen of the Town of Holderness, New Hampshire, do hereby certify that on the 16th day of February, 1982, we posted an attested copy of the foregoing warrant at the Holderness Town House, the place of the meeting, and like copy of said warrant at the Holderness Post Office, a public place in said town of Holderness.

Dated this 16th day of February, 1982

Donald E. Dana, Chairman
Irving R. Marsh
Roger S. Gage

STATE OF NEW HAMPSHIRE
GRAFTON, SS

Before me, the undersigned officer, personally appeared Donald E. Dana, Irving R. Marsh and Roger S. Gage whose names are subscribed to the foregoing Return of Posting, and made oath that the facts alleged therein are true.

Gertrude L. Elsner
Justice of the Peace

HOLDERNESS TOWN MEETING 1981

At the annual Town Meeting of the Town of Holderness on March 10, 1981, the following business was transacted:

Article 2: To accept the reports of all Town officers and committees. Voted in the affirmative without opposition.

Article 3: To see if the Town will vote to raise and appropriate the sum of three hundred and fifty dollars ($350.00) to meet the requirements of RSA 44A in reference to the impoundment of dogs. Voted in the affirmative without opposition.

Article 4: To see if the Town will vote to raise and appropriate the sum of five hundred dollars ($500.00) for the support of the local hospitals. Motion was amended to raise and appropriate the sum of $500.00 for each of the two local hospitals. Voted in the affirmative. Amended motion was voted in the affirmative without opposition.

Article 5: To see if the Town will vote to raise and appropriate the sum of two hundred ninety five dollars and fifty cents ($295.50) to maintain and continue the system of services of the Inter-Lakes Day Care Center. Voted in the affirmative without opposition.

Article 6: To see if the Town will vote to raise and appropriate the sum of two hundred and twenty dollars ($220.00) to assist in maintaining the services of the Upper Valley Senior Citizens Council. Voted in the affirmative without opposition.

Article 7: To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the State and Local Assistance Act of 1972 for setoffs against budged appropriations for the following priority items indicated:

Police Department	$5,000.00
Fire Department	5,000.00
General Expenses Highway Dept.	5,000.00

Voted in the affirmative without opposition.

Article 8: To see if the Town will vote to establish a Capital Reserve Fund as authorized by RSA Chapter 25 for the purpose of funding the purchase of a 3000 gallon tanker for the Fire Department and to determine the amount to be authorized therefore. Moved to defer article until after consideration of Article 9. Motion voted in the affirmative.

Article 9: To see if the Town will make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report. After considerable discussion a motion for a ballot vote was defeated, and a motion to approve the Budget Committee's figure, with the addition of the $500. already approved in Article 4, was voted in the affirmative with a few dissenting votes.

Article 8: It was moved and seconded to take Article 8 from the table. After a lengthy discussion a ballot vote resulted in a defeat of the article, 80 voting no, 67 voting yes. It was then moved and seconded that it was the sense of this meeting that next year's budget include an item for the purchase of a new fire truck to be fully funded by borrowing on the credit of the town. Voted in the affirmative without opposition.

Article 10: To see if the Town, inaccordance with RSA 53C:1-5 will authorize the Selectmen to augment and extend the permit granted to the Littleton Cable TV Corporation, subsequently assigned to the Hildreth Broadcasting Company by the Board of Selectmen December 20, 1971, and presently held by the State Cable TV Corporation, such action to be subject to prior public hearing by the Board of Selectmen. Article amended to read ... presently held by the State Cable TV Corporation and to negotiate and accept or reject any other cable TV corporation contract ... Amendment voted in the affirmative, amended article voted in the affirmative.

Article 11: To see if the Town will adopt the following ordinance relative to the intent to build within the corporate limits of the Town of Holderness: Section 1: No person, firm or corporation shall build, construct, enlarge, elevate, alter, relocate or otherwise change any building or structure within the Town, where the total cost shall be in excess of $500.00 without filing a Notice of intent to Build with the Bd of Selectmen, said notice shall be provided by the Town at a nominal charge of $1.00. The Board of Selectmen shall acknowledge receipt of the Notice by returning duplicate copy of said Notice to the applicant within 14 days, noting date and time of filing. Section 2: Any person firm or corporation violating any of the above shall be punished by a fine of not more than $25.00. Such firm, person or corporation shall be deemed to be guilding ao a separate offense for each and every day during any portion of which any violation is committed, continued or permitted by such person, firm or corporation and shall be punishable therefore as provided herein. Motion defeated, Affirmative 60, negative 62.

Article 12: Whereas certain areas of Holderness are subject to periodic flooding from streams, rivers and lakes, causing serious damage to properties within these areas, and whereas, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968 and, whereas, it was the vote of the Town on June 25, 1975, to meet the National Flood insurance Program Regulations and by that vote adopted land use and control measures to reduce the future flood losses as set forth in Section 1910 of the Natl Flood Regulations. Whereas, to continue in the Flood Insurance Program the Town must vote to accept the final Flood Insurance Rate Maps (FIRM) and, vote to continue the land use and control measures for flood hazard areas adopted in 1975, and whereas, the Town has the legal authority to adopt land use and control measures pursuant to RSA 31:39, now, therefore be it resolved that the Town adopt the Flood Damage Prevention Ordinance as proposed by the Holderness Planning Board so as to meet the above requirements. Copies of the Ordinance are available at the Holderness Town Office and have been posted at the Town Office and the U.S. Post Office. Vote was in the affirmative by ballot - 89 aye, 12 no.

Article 13: To see if the Town will vote to accept the wetlands inventory including the designation of all prime wetlands, as prepared by the Conservation Commission per a vote of the March 14, 1978, annual Town meeting. Voted in the affirmative without opposition.

Article 14: To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state or any city, town, or other governmental unit of the state to five percent. Vote to table was in the affirmative with some dissenting votes.

Article 15: To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in both taxes and spending by the state or any city, town or other governmental unit of the state to five percent unless approved by a 2/3 vote of those present and voting of such taxing or spending authority. Vote to table indefinitely was in the affirmative with some dissenting votes.

Article 16: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes. Voted in the affirmative without opposition.

Article 17: To see if the Town will authorize the Selectmen to administer, lease, sell, convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's deed in accordance with the provisions of RSA 80:42. Voted in the affirmative without opposition.

Article 18: To see if the Town will authorize the Selectmen to apply for, receive and expend federal or state grants, which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money provided (1) that such grants and other monies do not require the expenditure of other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies all as provided by RSA 30:95B. Voted in the affirmative without opposition.

Article 19: To transact any other business that may legally come before the meeting. Motion to adjourn was made, seconded and voted in the affirmative without opposition.

Respectfully submitted
Gertrude L. Elsner, Town Clerk

TRANSMITTAL AND COMMENTARY LETTER

Board of Selectmen
Town of Holderness
Holderness, New Hampshire 03245

Members of the Board:

We have examined the financial statements of the various funds and account groups of the Town of Holderness for the year ended December 31, 1981 and have issued our report thereon, dated January 22, 1982. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other such auditing procedures that are necessary for expressing an opinion on the financial statements. Such study and evaluation disclosed the following conditions that we believe to be material weaknesses.

Approval of Tax Rate

Our examination noted that an error occurred when the tax rate was approved at the State level. Although the error did not significantly effect the tax rate we recommend that the Board of Selectmen develop procedures which will insure a final review of the completed tax rate documents before the bills are issued.

Cash Needs Analysis

The Town has developed a laudable program of investing temporarily idle funds in order to minimize short-term interest costs. Federal regulations, however, prohibit borrowing in excess of demostrable needs. We believe that in addition to existing investment policies the Selectmen and the Treasurer should jointly develop control procedures which will insure that the investment program complies with Federal requirements.

Fixed Asset Accounting

As in many New Hampshire communities Holderness does not maintain formal accounting records for its investment in fixed assets. Records are needed for control of the assets, as well as the insurance program and long-range planning. We offer the following program for your consideration.

- Adoption of a formal capitalization policy by the Board of Selectmen.
- Inventory existing fixed assets and maintain records of identified items at a central location under control of the Selectmen.
- Establish fixed asset accounting records for all new aquisitions and a certain percentage of existing items annually.
- Establish a program for periodically verifying existence of items in the fixed asset accounting records or on the inventory.
- Adopt formal procedures to delete items from the records.

Other

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgment by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect either to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the Town's system of internal accounting control for the year ended December 31, 1981, which was set forth in the first paragraph, would not necessarily disclose all weaknesses in the system.

Town of Holderness January 22, 1982

Publication Requirement

The provisions of R.S.A. 71-A:21 require that only this letter be published in the next annual Town Report.

However, we suggest that you consider the publication of the entire report which includes auditor's opinion, financial statements and notes to financial statements. No portion of either the auditor's opinion, financial statements or notes to financial statements may be published separately.

We extend our thanks to the officials and employees of the Town of Holderness for their assistance during the course of our audit.

AUDITOR'S OPINION

Board of Selectmen
Town Hall
Holderness, New Hampshire 03245

Dear Board Members:

We have examined the combined financial statements of the Town of Holderness, New Hampshire, as of and for the year ended December 31, 1981, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described more fully in Note 1, the combined financial statements referred to above do not include financial statements of the General Fixed Assets Group of Accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that the omission of the financial statements described above results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements referred to above present fairly the financial position of the Town of Holderness, New Hampshire at December 31, 1981, and the results of its operations and the changes in financial position of it proprietary fund types for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Town of Holderness, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Holderness conform to generally accepted accounting principles for local governmental units except as indicated hereinafter. The following is a summary of significant accounting policies.

Basis of Accounting

The accrual basis is used for all fiduciary funds. Governmental funds utilize the modified accrual basis whereby revenues are recorded when measurable and available. Expenditures are recorded when the liability is incurred (accrual basis) except:

a. Disbursements for inventory items (material and supplies) are considered expenditures at the time of purchase.

b. Prepaid expenses are not normally recorded.

c. Interest on long-term debt which is recorded as an expenditure when due.

General Fixed Assets

Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made. Generally accepted accounting principles require that general fixed assets be capitalized and accounted for in a separate fixed asset group of accounts.

Continuing Appropriations

Appropriations for certain projects and specific items not fully expended at year-end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year-end, continuing appropriations are reported as a component of fund balance and are as follows:

Library - Energy Conservation	$1,500
Planning and Zoning (Master Plan)	2,272
Planning Board	2,200
	$5,972

NOTES TO FINANCIAL STATEMENTS
(Continued)

Taxes Collected For Others

The Town collects taxes for Holderness School District and Grafton County which are remitted to them as required by law. These funds are accounted for as agency funds.

Inter-Fund Transactions

During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers of resources to provide services, construct assets and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

Other General Accounting Policies

Retirement System

Only members of the Police Department are members of the New Hampshire Retirement System. Under this plan, participants contribute annually a percentage of compensation which is fixed by law. The Town's contribution rate for normal cost of the plan is based upon an actuarial valuation of the State plan as of June 1, 1978 and has been set at 14.3% of annual compensation for police. The amount, if any, of the excess of vested benefits over pension fund assets for the Town of Holderness is not available. The Town has no past service cost obligation. The total pension cost to the Town for the year was $5,311.

Property Taxes

Annually, the Town establishes an amount for abatements, discounts, and refunds of property tax revenues known as overlay. All abatements, discounts and refunds are charged to overlay.

As prescribed by law, the Tax Collector sells at tax sale, all uncollected property taxes in the following year after taxes are due, where applicable. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the two year redemption period, the property is tax deeded to the lien holder.

NOTES TO FINANCIAL STATEMENTS
(Continued)

2. PURPOSE OF FUNDS AND ACCOUNT GROUPS:

The Town reports its activities in numerous individual funds to comply with the limitations and restrictions placed on both the resources made available to the Town and the services provided. Individual funds and account groups summarized in the accompanying financial statements are classified as follows:

A. Governmental Funds

These funds are intended to provide recurring general services. They are controlled by a budget approved by the voters.

General Fund - used to account for all revenues and expenditures which are not accounted for in other funds or account groups.

Special Revenue Funds - used to account for specific restricted revenues and expenditures for various purposes. Receipts and expenditures of each fund are governed by the terms of contractual agreements, statutes or local law.

B. Fiduciary Funds

Trust and Agency Funds - these funds are used to account for assets held by the Town in a fiduciary capacity for various purposes including cemetery operations, and taxes collected for other governmental units. Receipts and expenditures of each fund are governed by statutes or local law.

3. BUDGET:

The Town budget represents departmental appropriations as authorized by annual or special town meetings. The Selectmen may transfer funds between operating categories as they deem necessary New Hampshire State statutes require that the annual budget be in balance but provides for use of beginning fund balance. Undesignated beginning fund balance of $43,572 was applied to reduce the 1981 tax rate in the General Fund.

4. CHANGES IN LONG-TERM DEBT:

Notes Payable - January 1	$3,500
Notes Paid During Year	3,500
Notes Payable - December 31	$ -

NOTES TO FINANCIAL STATEMENTS
(Continued)

5. TRUST AND AGENCY FUND:

Non-Expendable Trust Funds are restricted by law or specific terms of individual bequests, in that only income earned thereon may be expended. Principal and income balances at December 31, 1981 are as follows:

	Principal	Interest	Total
Cemetery Funds	$4,750	$4,646	$9,396

Expendable Trust Funds of $5,025 represent the accumulation of periodic transfers from the General Fund in order to acquire capital items in future years.

REPORT OF THE SELECTMEN

At the outset, our thanks to all our officials, heads of departments and members of outstanding committees for their unstinted cooperation during the past year. The Fire and Police departments should be justly proud of their part in making Holderness a safer place in which to live. The Highway Department has done an outstanding job in maintaining our miles of roads, especially in view of the very adverse conditions during the early part of the winter. Thank you all.

In June, Mrs. Frances Ayer resigned as Secretary of the Planning Board after serving as Secretary and member of the Board for eleven years. One of the original appointees to the Board in 1969, Mrs. Ayer served dependably, diligently and knowledageably and, during her tenure, was a decided asset to the Board. Our thanks for her dedication in service to the community.

1982 presents many fiscal problems. At this time we are unable to project with any degree of accuracy as to what we can expect in the way of revenue from State sources. We are, however, acutely aware of the ever increasing mandated programs unfunded by the State which must be met by the Town and, also, the Supervisory Union. We will attempt to do our best to keep the burden on the property tax to a minimum. However, it must be remembered that the tax rate is determined at the budget hearings and at Town Meeting-not by the Selectmen.

Franchise negotiations in regard to Cable Television are progressing and we hope to have a viable agreement in the near future.

Again we remind building contractors, potential home builders or those individuals anticipating substantial alterations, that they must submit their proposed plans to the Governor's Council on Energy to insure conformity with the State Energy Code.

REPORT OF THE HOLDERNESS POLICE DEPARTMENT

The Holderness Police Department has again had an increasingly active year, answering 182 more calls than in 1980. Although there were several close calls we are happy to report there were no fatals on our roads or on the lake.

In conjunction with a request from town officials to conserve fuel and this department's own desire to keep costs down we have tried to limit our patrols and conserve on the gasoline usage. Last year we averaged approximately 74.8 gallons of gas a week. And please don't be alarmed-we still patrol and if an area shows a marked increase in burglaries we increase coverage accordingly.

In 1981 motorcycle weekend went smoothly, and of course we had the annual flooding of Holderness Road to contend with.

In the fall of 1981 this Department was asked to have a table at the Holderness Central School Birthday-A-Fair. Officer Craig Cheney assisted Elizabeth Gehling in this endeavor, and from feedback from the public it was very successful. The theme was on drug abuse and included contraband which was seized in Holderness, and informational material on this particular subject. We would like to take this opportunity to thank Otto Moulton, a private industrialist, who is engaged in trying to turn the tide on drugs and their effect on society today, as he provided the various informational materials made available to give to the public. It is hoped that we will be able to have more of these informational tables in the future to cover other areas of interest such as crime prevention.

At this time this Department would like to thank Mr. Paul Needham for his donation of a Polaroid SX70 Land Camera to the Department. This camera has already been useful to the Department. We would also like to thank him for his many years of service to the Town as a special officer, as he has tendered his resignation. Thomas

O'Donnell has also left his part time position to rejoin the U.S. Coast Guard.

In the area of training Sgt. Zampieri attended a three day Arson Seminar at St. Anselms College, and Officer Cheney attended the Officer Survival School sponsored by the NH Police Standards and Training Council. In the fall, both of these officers attended a two day Training Council school on radar.

We would like to thank all the citizens for their support, and thank also the surrounding towns and their departments for their help in our endeavors.

CRIME PREVENTION TIPS

1. Take your keys out of motor vehicle when not in use!!
2. Mark your valuables! This is very important should you have to identify them later. We have kits which you can use to do this.
3. Lock your doors!!

1981 Value of property stolen	$49,641.00
1981 Value of property recovered	48,607.00

FORTY-NINTH ANNUAL REPORT OF THE HOLDERNESS FIRE DEPARTMENT

In 1981, Holderness Firemen were called for assistance 60 times, three less than a year ago.

But structural fires were up by 4 and the town recorded its second fire-related fatality in as many years with the tragic death of Edith Plant.

There were no false alarms during the year but the town still continues its upward trend in woodheat related fires, 1978 recorded 25% of all structural fires as woodheat related; 1979, 36%; 1980, 61% and last year, 63%. It may be that while saving energy we are losing homes!

We went outside town to help our neighbors on 14 occasions, one less than a year ago.

Forest fires, including brush, were down to 2 from 8 of last year. The state Forest Fire Service has discontinued the fire lookout on Red Hill so we will have to be more vigilant.

Four search and rescues, 2 flood details, 5 medical emergencies and 7 automobile fires rounds out the year's activities.

Records at the Lakes Region Mutual Fire Aid System headquarters in Laconia show our average response time for the year to be 2.2 minutes. Response time starts with the initial alarm to the sign-on of the first truck. The average time for the 22-town system is 2.4.

Average travel time (from sign-on until arrival at the scene) was 5.3 minutes. Average for the system was 4.4 including Communities where there are fulltime, manned fire departments.

On out-of-town calls Holderness logged 7.7 minutes in travel time. The Mutual Aid System average is 11.4 minutes.

An article before the 1982 town meeting will ask voters for funds to purchase a 3000-gal. tanker/pumper to insure a steady flow of water for initial fire attack. Dependable water supply is a continuing problem and, more and more, the insurance companies are basing their rates upon ability of a fire department to deliver a steady flow of water.

Again our thanks to the Fire Dept. Auxiliary for their continuing support, financial and otherwise; hot coffee and doughnuts at fires, and to the people of Holderness for their cooperation.

1982 is our 50th Anniversary year! We plan to publish a history of Holderness and hold various gala events.

Tink Taylor
Clerk

HOLDERNESS FIRE DEPARTMENT - CALLS FOR ASSISTANCE
[January 1, 1981 to December 31, 1981]

JANUARY
5 Lillian Eastman, College Rd., Chimney
8 Mutual Aid, W. Centre Habor - cancelled
9 Arnold Turner, N. River St., Chimney
15 Mutual Aid, Ashland - cover truck
17 Roy Melanson, Perch Pond Rd., Chimney
17 Mutual Aid, W. Centre Harbor
17 Mutual Aid, Ashland
21 Silvia Doner, N. River St., stove top fire
23 Amelia Howe, Howe Rd., Chimney

30 Bill Spina, Squam Lake Resort, Structure
31 Mutual Aid, Ashland

REPORT OF THE TRAINING OFFICER

Each month drills were conducted for department members, one preceding the monthly business meeting and a more extensive session on a separate evening. Subjects covered included forcible entry, vehicle extrication, pumping from lakes. and streams, pumping and laying lines from hydrants, raising and operating from ground ladders, extending and advancing hose lines, salvage and overhaul, ventilation, driver training on apparatus, water and ice rescues, dangers of fire involving electrical hazards, forest fire fighting methods, care and service of forestry equip-

ment, care and maintenance of apparatus and care of firefighting equipment. Also we incorporated into our drills a the annual service test of pumpers and the testing of fire hose. Vehicle and equipment maintenance were performed as an auxiliary service during many training sessions. We were brought up to date on developments of the Mutual Aid System Dispatch Center in Laconia by the Chief Coordinator who told us of many "extra" services provided by them in the areas of training, group purchases and record keeping. We visited the Holderness School and Rockywold-Deephaven Camps to be sure all members are familiar with the fire hazards involved, and to incorporate pre-fire planning into our drills. Time was spent planning an interdepartmental drill on cold weather pumping and water supply to be held for all area departments as soon as Squam Lakes has frozen enough to support men and equipment. Drills were very well attended. Better than 80% of our members were at each drill.

I wish to extend my thanks to the Chief and all officers and firefighters for the cooperation given me during the year. Also, thanks are due the Squam Lakes Science Center, Rockywold-Deephaven Camps and Holderness School for allowing us the use of their facilities in our training program.

December 31, 1981

Respectfully submitted,
Capt. Darrell D. Smith
Training Officer

1982 OVERSEER OF WELFARE

Sixteen families were interviewed, some received food orders, help in finding jobs, room and board, or directed to other agencies for help.

Overseer of Welfare
Laura Heath

REPORT OF THE HOLDERNESS FREE LIBRARY

The Holderness Free Library has had another good year. The Children's Story Hour under the supervision of Mrs. Susan Stroud was a huge success. Christmas decorations were made in the basement on two Saturdays, thanks to Lila Heath's excellent supervision.

We have a very capable librarian, Mrs. Mary DeLashmit. The book selection is excellent and the circulation has increased enormously.

We have a new furnace which is a big help in the energy crisis. This was made possible by private donations at no expense to the taxpayers.

We have a new trustee, Watt Rand, a great addition. It is good to know that so many people are using the library. We know that the budget has increased, but with the cost of fuel, electricity and everything else we do need the money to operate well. We certainly hope that the taxpayers will support us.

Your library is an asset to our Town.

Respectfully submitted,
Helen A. Taylor
Secretary of the Trustees

HOLDERNESS FREE LIBRARY
REPORT OF LIBRARIAN

Statistics	1980	1981
Circulation	6,398	8,017
Patronage	3,435	3,487
New members	248	256

Library Hours:

Regular: Wednesdays and Saturdays, 10 a.m. to 6 p.m. Summer: Mondays, Wednesdays and Saturdays 10 a.m. to 6 p.m.

Programs this year have included our Preschoolers Story Hour in the fall, which was co-sponsored this year by the Holderness Girl Scouts, who helped with the reading and other activities. The Librarian has also given talks to the Girl Scouts in relation to some of their programs. We have had our regular summer and holiday craft programs, and the Summer Reading Program, which had an even bigger attendance this year than before, with 64 kids actively participating. Donations of books and time (and some money!) have again helped to enhance our services to you, and we thank all those who so generously helped us.

Mary DeLashmit
Librarian

ANNUAL REPORT OF
THE HOLDERNESS PLANNING BOARD

In 1981 the Holderness Planning Board reviewed sixteen applications for subdivisions. The Board approved 12 subdivisions creating a total of 23 new lots in the Town.

On 3/4/81 the Board passed amendments designed to clarify and strengthen Town requirements for construction of and improvements to roads in subdivisions. Special attention was paid to grade and surface treatment. We feel that the road amendments plus the Slopes/Soils amendment passed in 1980 (which determines minimum lot size based on quality of soils and slope of the land) have greatly strengthened the Town's subdivision regulations. In 1981 two large subdivisions involving 62 lots located on relatively steep terrain, were withdrawn due mainly to the impact of these amendments.

Other 1981 amendments included 1) application and review procedures as required by recent State Statutes and 2) requirements for subdivision occuring in flood plain areas. The latter requirements were adopted following passage of a Flood Plain Ordinance at the Annual Town Meeting in March.

Final decision on two legal actions against the Town and Planning Board have been pending for over a year. These two lawsuits underscore our need for a comprehensive Town Master Plan.

Work on the Master Plan has progressed to where completion is possible by mid 1982. Current land use and land capability surveys and mappings are completed along with other necessary town surveys and population statistics. The Lakes Region Planning Commission will be working closely with the Town in the next several months to develop a future land use plan and recommendations on how to achieve our community goals as outlined in last year's annual report. We will be looking for maximum input from Town citizens at this level and invite all who are interested to

attend our monthly public meetings notice of which are posted in the Record Citizen, Town Office and Post Office.

Frances Ayer has retired from the Board after 11 years of faithful service as its first secretary. Fran has diligently and accurately recorded the proceedings of over 100 planning board meetings, no small feat when one recalls some of the more controversial subdivisions of past years. The Board and Town are deeply indebted to Fran for her efforts. She has been ably replaced by Charlie Currier who as a past selectman, health officer and budget committee member, is no stranger to Town service.

REPORT OF THE PEMI-BAKER HOME HEALTH AGENCY

The Pemi-Baker Home Health Agency continues to provide a wide range of health care for towns in this area. Last year Holderness residents received the following services:

Skilled Nursing	205 visits
Physical Therapy	77
Speech Therapy	6
Home Health Aides	85
Homemakers	165

In addition to the above services blood pressure clinics for Holderness and Ashland were held on the first Thursday in each month at the Ashland Baptist Church. Two diabetic screenings were held. Immunization clinics were held bi-monthly at the American Legion Hall for all member towns.

Speech therapy by a trained therapist was added to our services in October. This is especially helpful to stroke victims.

The Agency is studying the feasibility of establishing a Hospice program for our member towns. This would provide trained volunteer support for families caring for a terminally ill patient who wishes to be at home.

As of February first the Agency is in a new and improved office space on Highland Street in Plymouth.

Federal, State and County funding is not entirely clear at this time and it is possible there will be curtailment of some services. However, the staff and Board of Directors will make every effort to continue the high quality of health care we have delivered in the past.

Respectfully submitted,
Eleanor Wolf
Holderness Representative to the
Pemi Baker Home Health Agency
Board of Directors

REPORT OF THE CIVIL DEFENSE DIRECTOR

There were two floods during 1981. The first occurred on February 11t.
Started monitoring river at 1700 -- 2/11/81.

1800 5.81
2100 6.31
2200 Went to Plymouth to check river and the dispatch center.
2345 8.87
0020 11.91 2/12/81
0021 Called the businesses on Holderness Road warning them of height of river.
0030 Returned to Plymouth -- checked river and went to Dispatch center.
0100 12.58
Approximately 1:30, light and phones went out (8) eight minutes -- phones were out for several hours.
0230 North end of River Street the water receded about six inches.
0230 Returned to dispatch center. River was about 4 feet from the top of the bank at N. River St. Checked the whole length of the interval and S. River St.
0258 Water came over the bank at the N. End of River St. I asked the Police to warn all residents.
0319 Called Fire Dept. for help
0330 People were removed from trailers by truck from Old Mill Properties.
0332 The C.D. director of Plymouth called the National Guard. From this time until the water receded assistance was given to anyone who needed help.
1550 Started to pump out cellars. The following were pumped by HFD.

E. Hill	Don's Market	T. Gaulhier
G. Turner	B. Moses	Mrs. Perk
D. Hanaway	A. Frizzell	
O. Cushing	J. Miller	
J. Pelitier	J. McCormack	

Secured from detail at 20.30
12M3 stood by at Holderness School from 0319 2/12 until 0342 2/13/81
The second flood occurred on February 20th.

Monitored river all day
At 16:15 received call a big ice build up in Baker River -- water rising very fast. Reached river at 16:30 -- warned all businesses on interval. Had warned all homes on River St. by 17:10 of impending high water. Monitored river at 5 different points. Alerted the National Guard of the high water and the possibility of evacuation. Water over the road at 23:30 (approx.) Notified Fire Co. to move truck to Holderness School. Ice went out of the Pemi at 0012. Water receded from interval for about 20 minutes then started back up. At 1:20 seven (7) people needed shelter. Called the National Guard Armory and was told we could not use that facility. Called the C.D. headquarters in Concord and they told me to find a place in Holderness to put the people up.

I secured Speare gym at the college at 02:00. Bed and blankets were shipped from Concord. Arrived at 04:20. (19 people in all) These people were fed at the college and were moved to Hall Dorm at 10 AM for the duration. 03:00 Went to every house on the interval to rewarn any that had not left. We assisted any who needed help and after daylight everything seemed to be under control. Baker River ice jam still threatening. Blocked off bridge and allowed only residents and people working over the bridge. I left the scene at 16:20 and Earl Hansen took over until the water was at a safe level for the people to return.

Road was re-opened about 02:00. Secured the fire truck from Holderness School pumped cellar and cleaned up some of the area.

Respectfully submitted
Kenneth Hawkins
Civil Defense Director

FOURTEENTH ANNUAL REPORT OF THE CONSERVATION COMMISSION

Again, in 1981, most of our time was taken up with wetland protection. Six applications for construction within wetlands were reviewed but none required a public hearing. These areas are very valuable as sources of groundwater recharge, wildlife habitat, filtration of surface runoff pollution and as water supplies for rural fire fighting.

The laborious and lengthy task of completing the next phase of our Wetlands Inventory is a lost completed and, at year's end, it was at the printer's. Enough copies of the key, explanation and listing of "prime wetlands" will be prepared so that all interested parties; the planning board, selectmen, health officer, fire department, police, realtors, Chamber of Commerce, marinas and residents may have copies. To offset costs, though, we shall have to charge a nominal fee.

Our biggest delay has been the state Wetlands Board's delay in promulgating "prime wetlands" criteria; those areas of such importance as to be worthy of a greater degree of protection. But now we have the state standards and have incorporated them into our inventory key and town maps.

The only other activities for 1981 were two applications for the cutting of firewood on the town forest off Beede Road plus numerous inquiries about the gypsy moth, saddled prominent and fall webworm pests.

Respectfully submitted,
Richard "Buzzy" Currier
Kent Smith
Larry Spencer (on leave)
Bart Nourse (resigned)

REPORT OF TOWN HALL COMMITTEE

During the year of 1981, other than the general operating expenses of the Town Hall, the only money spent was for the replacement of the grates within the main hall wood stove.

Three bids have been received for the painting of the exterior of the Town Hall. Hopefully, this work will be done in the Spring of 1982 by the lowest of the three estimates submitted.

Road Agent Lyle Thompson and crew have made two new flag poles; hopefully ones that will withstand any future vandalism.

Respectfully submitted,
Paul M. Needham, Chairman
Kent Smith
Patricia Ford

GRAFTON COUNTY COMMISSIONERS

In our continued effort to communicate more directly with the taxpaying citizen of Grafton County, we are taking this opportunity to reach you through your local town/city report.

We are pleased to report that, due to the unusually high interest rates during our 1981 fiscal year, Grafton County had a very good investment year, realizing $71,375 in interest earned, which contributed to the $257,458 surplus, most of which was applied to the fiscal year 1982 budget to reduce tax requirements. Budget appropriations for the current fiscal year beginning July 1, 1981 are about on target. However, we may be looking to a deficit at fiscal year end and we definitely anticipate a sizable budget increase next fiscal year due to shifts in programs and financial responsibilities without accompanying federal/state funding to administer these programs, many of which are mandatory, not optional. Impact is already being felt by towns as well as counties in the educational, child protection/placement, and medicaid programs. In line with state and local "belt tightening", the County Commissioners will be taking a hard look at budget requests this next fiscal year. Priorities must be established to "hold the line" in future budget appropriations.

The computerized bookkeeping system is working out well, proving to be an asset in controlling appropriations and allowing on-demand reports showing the County's financial position at any given time.

Grafton County Commissioners, along with the maintenance supervisors and Nursing Home administration, continue to work closely with Dynamic Integrations in effecting energy conservation measures, both for the Courthouse and Nursing Home Complex. Many dollars have been and will continue to be saved through these efforts.

Superior Court has requested finishing the second courtroom in the very near future as there is a greater demand for jury hearings and use of two courtrooms at the same time. The Commissioners have engaged Wright-Pierce architectural firm to submit proposals for finishing the second courtroom, with the intent of having funds included in the next fiscal year's budget to carry out the project.

Again this year the farm has been productive. Cattle sales grossed an all time high of $35,235. While cattle sales have been very successful, our herd has remained consistently highly rated in the Dairy Herd Improvement Association reports. Cattle were entered into eight various sales in three different states. The total herd, including milkers, heifers and calves, numbers about 187. The swine program has also had a most fruitful year, with a combination of production and sales. As in the years past, we maintain a waiting list for piglets. There have been quite a few field trips

through the facility by the local school districts and Future Farmers Association, utilizing our farm for their educational programs. The Nursing Home purchased $32,402 of food and produce from the farm, which was advantageous to our residents by having fresh produce in season and frozen produce during the winter months, not to mention the cost saving factor.

Grafton County had the highest census ever this past year in the Jail and House of Correction, resulting in an increase in management problems such as overcrowding, staff stress, and much higher than anticipated inmate medical costs. Inappropriate admissions to county jails of mentally disturbed inmates has created a great portion of inmate behavior problems within the facility.

The Commissioner hold their regular meeting every Monday, except holidays, at 9:30 a.m. in the Commissioners' Office of the Grafton County Courthouse, followed by a second meeting at the Grafton County Nursing Home Complex at 1:00 p.m. which regularly includes visits to farm and jail facilities. Public and press are welcome, and, in fact, are encouraged to attend the meetings.

Grafton County Commissioners:
Richard L. Bradley, Chairman
Dorothy Campion, Clerk
Arthur E. Snell, Vice Chairman

UPPER VALLEY SENIOR CITIZENS COUNCIL, INC.

Staristics for Town of Holderness
October 1, 1980-September 30, 1981

Number of Senior Holderness residents served — 41

(2) For the entire agency, cost of Programs is funded: 49.9% by Federal programs; 11.7% by Donated fees; 5.1% Individual donations; 6.4% Miscellaneous; 17.8% Donations of Goods and Services and 9.7% Local Public Funds and the United Way.

REPORT OF THE HOLDERNESS PARK BOARD

The 1981 season for the Holderness Town Beach went very smoothly. We had ticket sales totaling 82 again this year.

I would like to thank everyone who helped to open and close the beach this year. It would be impossible to do so without the cooperation and organizationfrom you all.

The lifeguard did an excellent job this year, giving swimming lessons, selling tickets, and keeping the grounds cleaned up. We hope she will keep up the good work next year.

Respectfully submitted,
Jeff Cripps, Chairman
Kevin Barlow

Treasurer	James Dalley
School Doctor	Alastair Craig, MD.
School Nurse	Mary Richards, R.N.
Superintendent of Schools	Daniel A. Cabral
Assistant Superintendent of Schools	Gerald P. Bourgeois, Ed. D.

HOLDERNESS SCHOOL DISTRICT MEETING

MARCH 5, 1981

The meeting of the Holderness School District was called to order at 7:30 p.m. by Moderator, Tink Taylor. About 150 people were present and board members: Mrs. Mastro, Mr. Ray and Mrs. Hodges. Also present were Mr. Eames, Principal and Mr. Cosgrove, Superintendent.

Mr. Biddle led us in the Pledge of Allegience.

We observed a moment of silent prayer in memory of Edith Ladd Plante.

The meeting was opened with a brief statement from Mrs. Mastro welcoming all present on behalf of the school board and listing the items to be discussed.

The following business was transacted.

Mrs. Staples moved, Mr. Eames seconded.

Article I. I move to accept the reports of agents, auditors, committees or officers chosen.

The vote was in the affirmative.

Mrs. Hodges moved, Mr. Eames seconded.

Article II. I move the District raise and appropriate the sum of $1,000.00 in order to establish a contingency fund in accordance with RSA 198:4-b to meet the cost of unanticipated expenses that may arise during the year.

The vote was in the affirmative.

Mrs. Mastro moved, Mr. Biddle seconded.

Article III. I move the District raise and appropriate the sum of $3,500.00 which, together with funds budgeted for the same purpose for the fiscal year ending June 30, 1981, will be used to repair and renovate the existing sewage disposal facilities at the Holderness Central School.

Mrs. Hanaford suggested that a committee be formed of perhaps five people including our local state engineer and health officer to check into the problem and determine what actually needs to be done.

The Article was debated at length and finally passed.

Mr. Spencer moved, Mr. Tuveson seconded.

Article IV. I move the District raise and appropriate the sum of $42,794.00 for the purpose of implementing energy conservation measures, $21,397.00 of said sum to be received by the District in the form of a grant from the Governor's Council on Energy pursuant to the National Emergency Conservation Policy Act, and the remaining $21,397.00 to be raised from current taxes. (The $21,397.00 grant from the Governor's

Council on Energy will not be available to the District unless this article is voted in the affirmative.)

Mrs. Hodges: Our reduced fuel rate, that we are asking for this year is based upon having these energy measures performed. We feel we will be able to save so much fuel this first year that we can reduce our fuel cost to $17,500.00.

The vote was in the affirmative.

Mrs. Mastro moved, Mr. Biddle seconded.

Article V. I move the District will authorize the school board to make application for, accept and expend on behalf of the District, any and all grants or offers or other funds for educational purposes, which may now or hereafter be forthcoming from any Federal, State, local governmental or private agencies.

The vote was in the affirmative.

Mrs. Mastro moved, Mrs. Currier seconded.

Article VI. I move that the District vote to raise the sum of $690,128.00 for the support of schools, for salaries of school district officials, employees and agents and for the payment of statutory obligations of the District. Much debate followed.

Mr. Ciricione requested a recess to discuss a technical matter with the board concerning the appropriation.

Recess called.

Mr. Taylor explained that there was a clerical oversight in that the original amount that was inserted in the article did not include the amounts of money you have raised under the preceding articles. Therefore, the amount moved by Mrs. Mastro will have to be amended to include these totals.

Mrs. Mastro withdrew her previous motion.

Mrs. Mastro moved, Mrs. Currier seconded.

I move the District vote to raise and appropriate the sum of $737,422.00 for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District which sum includes all special articles previously voted by the District.

Mr. Morse moved the article, Mr. Currier seconded.

The vote was in the affirmative.

Mr. Ayre moved, Mrs. Hanaford seconded.

That a 5 member committee be established to look into the septic system problems.

The vote was in the affirmative.

Mrs. Mastro had a few words of appreciation for Mr. Cosgrove, Superintendent of Schools, who will be retiring at the end of the school year.

Mrs. Currier had words of appreciation for Mr. Carvelli for his 15 years as School District Treasurer and for Mr. Hunt who has been the bus contractor for 31 years.

Brian Hanaford and Jim Dalley, the candidates for School Treasurer, both spoke, listing their qualifications for the post.

Since there was no other business to be transacted, the annual school DISTRICT MEETING WAS VOTED ADJOURNED AT 8:55 p.m.

Respectfully submitted,
Suzanne Robinson
School Clerk

March 25, 1981
Gertrude L. Elsner
Notary Public

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Holderness qualified to vote in district affairs:

You are hereby notified to meet at the Holderness Town Hall in said district on the ninth day of March, 1982, at 10:00 o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

Given under our hands at said Holderness this 17th day of February, 1982.

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Holderness, County of Grafton, and State of New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Holderness Central School in said district on Thursday, the eleventh day of March, 1982, at 7:30 o'clock in the afternoon to act upon the following subjects:

Article 1: To hear the report of agents, auditors, committees or officers chosen and to pass any vote relative thereto.

Article 2.: To see if the District will vote to raise and appropriate the sum of $2,000.00 in order to establish a contingency fund in accordance with RSA 198:4-b to meet the cost of unanticipated expenses that may arise during the year.

Article 3: To see if the District will vote to raise and appropriate the sum of $27,450.00 as a deficit appropriation representing tuition payment to the Laconia State School for two students.

Article 4: To see if the District will vote to authorize the School Board to make application for, accept and expend on behalf of the District, any and all grants or offers or other funds for educational purposes, which may now or hereafter be forthcoming from any federal, state, local governmental or private agencies.

Article 5: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

Article 6: To transact such other business which may legally come before said meeting.

Given under our hands the 16th day of February, in the year of our Lord nineteen hundred eighty two.

REPORT FROM THE SUPERINTENDENT OF SCHOOLS
WHAT IS A SCHOOL ADMINISTRATIVE UNIT?

New Hampshire School Law states that the State Board of Education has "the same powers of management, supervision, and direction over all public schools in this state as the directors of a business corporation have over its business, except as otherwise limited by law." The state of New Hampshire has 168 school districts which the State Board of Education has divided into approximately 47 School Administrative Units, each administered by a superintendent of schools.

Schools, like other public agencies and business corporations, must have a management system. The New Hampshire school management system is the School Administrative Unit. School board members who are elected by the voters of their individual school districts comprise the policy making School Administrative Unit board. The superintendent serves as the executive head of the public schools, and is responsible for planning and administering their affairs subject to statutory requirements, the regulations of the State Board of Education, and the policies of the local districts. In performance of these duties, the superintendent is responsible to the State Board of Education through its Commissioner, and the board or boards of the School Administrative Unit.

School Administrative Unit budgets, following a pulic hearing, are annually voted by the School Administrative Unit School board. The budget provides for the salaries of the superintendent and other School Administrative Unit personnel along with other necessary central office expenditures. School Administrative Unit school boards decide the number of persons to be employed, their duties, and their salaries. Local districts share the services provided by the School Administrative Unit and share the costs of operating a central office. The local school district's share of the School Administrative Unit budget is determined by two factors: half on the basis of pupil membership and half on the basis of equalized valuation. Approximately 285 million tax dollars will be expended in 1981-1982 to educate New Hampshire's 180 thousand public school students. About 2 percent of the above expenditures is spent to provide management services to the 168 school districts.

School Administrative Unit #48 includes the communities of Campton, Holderness, Plymouth, Rumney, Thornton, Waterville Valley, and Wentworth. It is one of the largest in the State of New Hampshire from the standpoint of school boards (9) and square miles (200). It was formed so that local school districts could join together to provide themselves with necessary administrative services they could not independently furnish efficiently or economically. Services provided include, but are not limited to:

budget preparation and control;
building and maintenance programs;
state and federal, record keeping and reporting;
recruitment and employment of all staff;
public relations, annual reports;
supervision and evaluation of all staff;
curriculum development and coordination of school programs;
staff development and re-training;
energy conservation activities;
coordination and development of federal programs;
school health services;
school food service programs;
special education programs;
salary preparation and fringe benefit documentation; and
teacher negotiations and professional assistance to school boards in many areas.

The Superintendent of Schools and his staff function so that the above mentioned services are provided with a single goal in mind -- to provide the best possible education to the children in our communities in a cost-effective design. The attainment of this objective is enhanced by your continued support and cooperation.

Respectfully submitted,
Daniel A. Cabral
Superintendent of Schools
Gerald P. Bourgeois, Ed. D.
Assistant Superintendent of Schools

EXPLANATION OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY FOR 1980-1981

Chapter 189, Section 58 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each superintendent of a School Administrative Unit shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same ... Said report shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the unit."

One-half of the School Administrative Unit expenses is prorated among the several school districts of the unit on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of $29,838 which was received by the Superintendent of Schools of School Administrative Unit #48 during 1980-1981 was made up as follows: $2,500 paid by the State of New Hampshire and $27,338 was prorated among the school districts comprising the School Administrative Unit. Allowance for $1,500 travel within the Unit was also prorated as stated above.

The salary of the Assistant Superintendent during the 1980-1981 was made up as follows: $2,274 paid by the State of New Hampshire and $24,309 was prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

District	Adjusted Percent	Supt. Salary	Supt. Travel	Asst. Supt. Salary	Asst. Supt. Travel
Campton	16.11	4,404.15	241.65	3,916.18	322.20
Holderness	**17.80**	**4,866.16**	**267.00**	**4,327.00**	**356.00**
Plymouth	36.77	10,052.18	551.55	8,938.41	735.40
Rumney	8.78	2,400.28	131.70	2,134.33	175.60
Thornton	9.39	2,567.04	140.85	2,282.62	187.80
Waterville Valley	6.28	1,716.83	94.20	1,526.61	125.60
Wentworth	4.87	1,331.36	73.05	1,183.85	97.40

ANNUAL REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, parents, and other residents of Holderness, I respectfully submit my Annual Report.

We have experienced some personnel changes this year. Nancy Deachman has replaced Linda Morse as our third grade teacher. Mrs. Deachman has teaching experience in New Hampshire and Massachusetts. Christine Fieldsend has replaced Mrs. Doreen Noseworthy as our music instructor. Miss Fieldsend has previously taught in Charlestown, N.H. Barbara Guinan is teaching our second grade this year, replacing Eleanor Spencer. Mrs. Guinan has experience in Campton and Plymouth. Tim Sult is teaching reading and science in grades 5-8, having replaced Richard Jaillet. Mr. Sult is a graduate Plymouth State College.

We are continuing our efforts to maintain a quality educational program despite spiraling costs for expenditures often not directly related to our educational program. A faculty committee conducted an analysis of our mathematics program needs during last year, and our faculty eventually selected the **Heath Mathematics Program** as the one best suited for Holderness Central students during the coming years.

In my last Annual Report I mentioned that we were in the process of applying for an energy conservation grant. The Department of Energy eventually awarded a $21,000 grant and Holderness voters approved matching funds at our last School District meeting. During this past summer, several energy conservation measures were undertaken: the ceiling in the gymnasium was insulated, windows in classrooms were walled up with an insulating panel, floors were insulated, the ceilings in all classrooms were insulated, and several modifications were made to the heating system. According to the preliminary study conducted by our architect, Frank Marinace, our capital improvement should pay for itself through savings on heating costs within a few years.

The Friends of Holderness Central School (FHCS) has been quite active, having sponsored a highly successful "Birthday-A-Fair" celebration and also a Book Fair so far this year. Our faculty and student body are appreciative of all they have done for us.

HCS offers a comprehensive educational curriculum to all of its students. Our faculty and administration have worked hard to develop the type of program which will allow each student the opportunity to realize his/her potential. This goal has been met, too, because of the support and cooperation we have received from the community we serve.

I want to express my appreciation to our faculty and staff for their conscientious and tireless efforts on behalf of our young people. We, in turn, wish to thank our School Board, Superintendent's Office, student body, and, most of all, our community for their support and cooperation during the past year. By continuing to work together, we will be able to continue to maintain what we have worked so hard to achieve.

Respectfully submitted,
Robert C. Eames, Principal

SCHOOL NURSE'S REPORT

The 1980-81 school year included another immunization survey of children in all grades, and further efforts to insure that all youngsters are protected against diptheria, whooping cough, tetanus, measles, mumps and rubella. The recent N.H. legislation requiring all of the above, plus a tuberculin test for school entry and/or transfer has appreciably increased the percentage of immunized students. Beyond that, each student must be evaluated, contacted and referred for immunization and followed up by the school. This is often a long and time consuming procedure. Parents can help us by providing polio and tetanus booster dates as well as information about illnesses, communicable and otherwise.

The remainder of school health service time was devoted to the annual update of emergency information on each student, processing hot lunch applications, the biennial school census, routine student screenings, athletic physical exams, and preschool developmental evaluations and orientation in addition to the daily bruise and bandaid detail.

We are grateful to Mrs. Staples, R.D.H. for our K-3 dental prophylaxis and fluoride program in which 52 children participated.

Respectfully submitted,
Mary Richards, R.N.

Members of the School Board
Holderness School District

We have examined the combined financial statements, as indexed, of the Holderness School District as of and for the fiscal year ended June 30, 1981. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As more fully described in note 8 the combined financial statements referred to above do not include financial statements of the general fixed asset account group, which should be included to conform with generally accepted accounting principles.

In our opinion, except that the omission of the financial statements described above results in an incomplete presentation, the combined financial statements referred to above present fairly the financial position of the Holderness School District as at June 30, 1981 and the results of its operations in conformity with generally accepted accounting principles which, have been applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The supporting schedules listed in the index are presented for the purposes of additional analysis and are not a required part of the combined financial statements of the Holderness School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Respectfully submitted,

David L. Connors

Part of this Financial Statement.

HOLDERNESS SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Holderness School District conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant policies:

A. Basis of Presentation

The accounts of the school district are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equities, revenues and expenditures or expenses. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the school district:

GOVERNMENTAL FUNDS

(1) General Fund - The general fund is the general operating fund of the school district. All general appropriations and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From this fund are paid the general costs that are not paid through other funds.

(2) Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trust, or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

FIDUCIARY FUNDS

(3) Agency Funds - To account for assets held by governmental unit as an agent for individuals, private organizations, other governmental units, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

ACCOUNT GROUPS

General Long-Term Debt Account Group - Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds.

The account group is not a "fund". It is concerned only with the measurement of financial position. It is not involved with measurement of results of operations.

(Continued)

B. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All Governmental Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay and other employee amounts which are not accrued; and (2) principal and interest on general long-term debt which is recognized when due.

C. Inventories

All funds except the school hot lunch do not record inventories. The school hot lunch program records inventories of food supplies at cost on a first-in, first-out basis. The cost is reported as an expenditure at the time of purchase. Reported inventories are equally offset by a fund balance reserve which indicates that they do not constitute available spendable resources.

D. General Fixed Assets

General fixed assets purchased are recorded as expenditures in their applicable funds at the time of purchase. No depreciation has been provided on general fixed assets.

E. Total Columns (Memorandum Only) on Combined Statements

Total columns on the Combined Statements are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

(Continued)

F. Appropriations from City

The Town of Holderness collects School District taxes as part of local property tax assessments. The Town is required to pay over to the School District its share of property tax assessments through periodic payments based on projected cash flow requirements of the District. The Town assumes financial responsibility for all uncollected property taxes.

NOTE 2 - ACCUMULATED UNUSED EMPLOYEE BENEFITS

Accumulated, unused sick leave and annual leave at June 30, 1981 amounted to $28,460 for the Holderness School District.

NOTE 3 - PENSION FUNDS

The district provides for pension benefits for substantially all employees through a contributory system under New Hampshire law. The law prescribes a formula for computing retirement allowances and presently does not permit advance funding for pension liabilities. Retirement allowances which are paid from district funding and employee contributions, are based on age and date of entry. Employee contributions constitute an annuity savings fund from which a portion of the retirement allowance is paid. Pension expense of $4,298 was determined on an actuarial basis. The School District's portion of the unfunded accrued liability, the excess of vested benefits over plan assets at the actuarial valuation date, is not available for inclusion in this report. Such amount, however, does not represent a current demand upon the plan's resources as such vested benefits in the long-term course of the plan operation are anticipated to be disbursed over future years as retirement benefits to members. The value of vested benefits of the employees has not been determined.

NOTE 4 - CHANGES IN FUTURE LONG-TERM DEBT

All bonded debt is recorded in the general long-term debt accounts. As the school district is an agency of the Town of Holderness, the bonds bear the full faith and credit of the town. The town budgets the funds for the payment of these bonds in its annual appropriation to the school district. As the debt comes due the school district remits these payments to the appropriate depository.

(Continued)

The following is a summary of bond transactions of the School District for the year ended June 30, 1981:

Bonds Payable at July 1, 1980	$ 93,625
Bonds Retired	13,625
Bonds Payable at June 30, 1981	$ 80,000

Bonds payable at June 30, 1981 is comprised of the following issue:

$215,000; 5% Bonds Due Serially to January 15, 1989	$ 80,000

The future debt service requirements of the district's outstanding bonds and notes at June 30, 1981 are as follows:

Fiscal Year Ended June 30,	Principal	Interest	Total
1982	$ 10,000	$ 4,000	$ 14,000
1983	10,000	3,500	13,500
1984	10,000	3,000	13,000
1985	10,000	2,500	12,500
1986	10,000	2,000	12,000
Totals	50,000	15,000	65,000
1987 and Thereafter	30,000	3,000	33,000
Totals	$ 80,000	$ 18,000	$ 98,000

NOTE 5 - DUE FROM OTHER GOVERNMENTS

Amounts due from other governments include $2,112 due from the federal government for hot lunch reimbursement, and federal projects.

NOTE 6 - TRANSPORTATION CONTRACTS

The Holderness School District entered into two three-year contracts on December 13, 1980 and March 2, 1981 for pupil transportation. The terms of the contracts are as follows:

Contract	School Year	Basic Contract
Regular Transportation	1981-82	$35,535
	1982-83	$37,312
	1983-84	$39,177
Feeder Route	1981-82	$ 7,430
	1982-83	$ 7,802
	1983-84	$ 8,192

(Continued)

There is a fuel adjustment clause on both contracts. The clause goes into effect on the regular transportation contract when the cost of regular gasoline exceeds $1.28. The clause goes into effect on the feeder contract when the cost of regular gasoline exceeds $1.30.

NOTE 7 - INDIVIDUAL FUND INTERFUND RECEIVABLES AND PAYABLES

The balances at June 30, 1981 were:

Fund	Interfund Receivable	Interfund Payable
General	$ 461	$ -
Special Revenue - Federal Projects	-	461
Totals	$ 461	$ 461

NOTE 8 - GENERAL FIXED ASSET ACCOUNT GROUP

The School District has not maintained a complete record of its general fixed assets. Accordingly, the General Fixed Assets Account Group is not presented in these financial statements.

NOTE 9 - CONSTRUCTION CONTRACTS

The School District entered into a construction contract on June 12, 1981 for energy conservation work including window replacement, insulation and heating system modifications. The contract is in the amount of $34,430 determined as a lump sum - base bid price. Substantial completion shall be not later than August 24, 1981 as specified in the agreement between the School District and the contractor.

NOTE 10 - FUND BALANCE DEFICIT

The fund balance deficit was caused by the fact that the District appropriated $4,791 more of fund balance than it actually had to reduce the taxes received from the Town of Holderness for the fiscal year ended June 30, 1981. The State of New Hampshire on its DRA-B Form required the School District to apply $14,792 of its fund balance towards the reduction of its appropriation from the town, instead of the actual ending fund balance of $10,001 per its audit report. The state got its figure from the Form F-3 that the Holderness School District submitted as its reporting requirement to the State of New Hampshire. Had the District been required to use its actual fund balance $10,001 as a reduction of fiscal year 1981 appropriations it would have had a fund balance at June 30, 1981 of $3,344 instead of a deficit of $1,447.
